DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see Remarks, filed 05/06/2008, with respect to Claims 1-18 & 20-33 have been fully considered and are persuasive. The rejections under 35 USC 112, have been withdrawn.
2. Applicant's arguments in regards to Claim 19, filed 05/06/2008 have been fully considered but they are not persuasive. The following reason is why:
3. Applicants' argue that one of ordinary skill in the art would know all of the recommendations of the SBS. Applicant further gives a website where this information would be found. Applicant is reminded that applicants are citing "recommendations;" these recommendations change over time. Since the values of the structural limitations change over time, Claim 19 can not point out or clearly define the applicant's claimed invention.

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
2. Claim 19 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 19 recites recommendations for making a container, but these recommendations which are cited change over time, which renders the claim indefinite.

Allowable Subject Matter

Claims 1-10, 12-18, 20, 22-29, & 34 are allowed. The following is a statement of reasons for the indication of allowable subject matter: Claims 1-10, 12-18, 20, 22-29, & 34, recite a container which contains recesses in the bottom of the container that define wells. In addition, the volume which is defined by the side walls of the container (excluding the volume of the recesses) is divided by a lattice-type structure. The prior art of record does not suggest nor disclose these features.

Telephonic Inquiries

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
